

Just Between Friends Selected by PTA

Last year, PTA selected Just Between Friends as its membership management and communications system. Just Between Friends replaces the OMDR system you may have been using. If you've used OMDR, it's easy to move that data over to Just Between Friends.

Today, PTAs all over the country are using Just Between Friends for membership management; membership card printing; communicating with their entire school; paper and online directory creation; and volunteer management and reporting.

Just Between Friends has been listening to comments of units using the system, and this year you'll discover numerous system upgrades and enhancements such as:

- Dramatically increased speed
- Fewer clicks to accomplish tasks
- Easier, more streamlined member entry
- Quick start videos and instant access online help
- Better PTA identification
- Revenue sharing opportunities
- A friendlier look and feel
- Volunteer reporting capabilities suitable for tracking **Three for Me** hours
- PTA Reflections Wizard that will help to streamline your **Reflections Program**
